

We operate from Gescher throughout Germany and other European countries. The company's focus is on high-quality interior fittings, trade fair construction and store fitting. Customers especially appreciate the good quality of the products, the reliability and the flexibility of the employees.

Apprenticeship carpenter (m/f/d)

Training as a carpenter is creative, varied and full of exciting tasks. The carpentry profession has a future - more and more customers attach great importance to individually manufactured furniture.

New technologies are our top priority; we work with CAD programs and computer-controlled machines in production.

You can expect a versatile and qualified 3-year apprenticeship with demanding tasks! We will provide you with comprehensive specialist knowledge and well-founded practical skills!

We expect from you a willingness to learn, manual skills, enthusiasm and fun in teamwork.

The Twents team is looking forward to receiving your application by mail, by e-mail or personally to Mr. Volmary or Ms. Wiebke Marcath.
